Subpart A—General Provisions

§ 4281.1 Purpose and scope.

(a) *General*—(1) *Purpose*. When a multiemployer plan terminates by mass withdrawal under section 4041A(a)(2) of ERISA, the plan's assets and benefits must be valued annually under section 4281(b) of ERISA, and plan benefits may have to be reduced or suspended to the extent provided in section 4281 (c) or (d). This part implements the provisions of section 4281 and provides rules for applying for financial assistance from the PBGC under section 4261 of ERISA. The plan valuation rules in this part also apply to the determination of reallocation liability under section 4219(c)(1)(D) of ERISA and subpart B of part 4219 of this chapter for multiemployer plans that undergo mass withdrawal (with or without termination).

(2) *Scope*. This part applies to multiemployer plans covered by title IV of ERISA that have terminated by mass withdrawal under section 4041A(a)(2) of ERISA (including plans created by partition pursuant to section 4233 of ERISA). Subpart B of this part also applies to covered multiemployer plans that have undergone mass withdrawal without terminating.

(b) *Subpart B*. Subpart B establishes rules for determining the value of multiemployer plan benefits and assets, including outstanding claims for withdrawal liability, for plans required to perform annual valuations under section 4281(b) of ERISA or allocate unfunded vested benefits under section 4219(c)(1)(D) of ERISA.

(c) *Subpart C*. Subpart C sets forth procedures under which the plan sponsor of a terminated plan shall amend the plan to reduce benefits subject to reduction in accordance with section 4281(c) of ERISA and § 4041A.24(b) of

this chapter. Subpart C applies to a plan for which the annual valuation required by § 4041A.24(a) indicates that the value of nonforfeitable benefits under the plan exceeds the value of the plan's assets (including claims for withdrawal liability) if, at the end of the plan year for which that valuation was done, the plan provided any benefits subject to reduction. Benefit reductions required to be made under subpart C shall not apply to accrued benefits under plans or plan amendments adopted on or before March 26, 1980, or under collective bargaining agreements entered into on or before March 26, 1980.

(d) *Subpart D.* Subpart D sets forth the procedures under which the plan sponsor of an insolvent plan must suspend benefit payments and issue insolvency notices in accordance with section 4281(d) of ERISA and § 4041A.25 (c) and (d) of this chapter. Subpart D applies to a plan that has been amended under section 4281(c) of ERISA and subpart C of this part to eliminate all benefits subject to reduction and to a plan that provided no benefits subject to reduction as of the date on which the plan terminated.

§ 4281.2 Definitions.

The following terms are defined in § 4001.2 of this chapter: annuity, employer, ERISA, fair market value, IRS, insurer, irrevocable commitment, mass withdrawal, multiemployer plan, nonforfeitable benefit, normal retirement age, PBGC, person, plan, plan administrator, and plan year.

In addition, for purposes of this part:

Available resources means, for a plan year, available resources as described in section 4245(b)(3) of ERISA.

Benefits subject to reduction means those benefits accrued under plan amendments (or plans) adopted after March 26, 1980, or under collective bargaining agreements entered into after March 26, 1980, that are not eligible for the PBGC's guarantee under section 4022A(b) of ERISA.

Financial assistance means financial assistance from the PBGC under section 4261 of ERISA.

Insolvency benefit level means the greater of the resource benefit level or the benefit level guaranteed by the

PBGC for each participant and beneficiary in pay status.

Insolvency year means insolvency year as described in section 4245(b)(4) of ERISA.

Insolvent means that a plan is unable to pay benefits when due during the plan year. A plan terminated by mass withdrawal is not insolvent unless it has been amended to eliminate all benefits that are subject to reduction under section 4281(c), or, in the absence of an amendment, no benefits under the plan are subject to reduction under section 4281(c) of ERISA.

Pro rata means that the required benefit reduction or payment shall be allocated among affected participants in the same proportion that each such participant's nonforfeitable benefits under the plan bear to all nonforfeitable benefits of those participants under the plan.

Reasonably expected to enter pay status means, with respect to plan participants and beneficiaries, persons (other than those in pay status) who, according to plan records, are disabled, have applied for benefits, or have reached or will reach during the applicable period the normal retirement age under the plan, and any others whom it is reasonable for the plan sponsor to expect to enter pay status during the applicable period.

Resource benefit level means resource benefit level as described in section 4245(b)(2) of ERISA.

Valuation date means the last day of the plan year in which the plan terminates and the last day of each plan year thereafter.

§ 4281.3 Submission of documents.

(a) *Filing date.* Any notice, document or information required to be filed with the PBGC under this part shall be considered filed on the date of the United States postmark stamped on the cover in which the document or information is mailed, provided that the postmark was made by the United States Postal Service and the document was mailed postage prepaid, properly packaged and addressed to the PBGC. If these conditions are not met, the document shall be considered filed on the date on which it was received by the PBGC.
